

New Business Request by the Lamsa Family for a Historic Style Stone. Commission discussed the request with some concern of how the stone would appear amongst newer style stones. There is nothing in the rules & regulation prohibiting a different time era stone. The commission did however set guidelines on the stone to better adapt with the newer stones. Motion to allow a historic style Upright stone with a rounded top, and no taller than 3 ft. Motion made by Shaun O"Leary, Second by Paul Banks. Unanimous at 9:58 A.M.
